December 16, 2016

TO ALL AFRICAN NATIONAL CHESS FEDERATIONS

Dear Friends,

Re: MINERVA KGI STUDY OPPORTUNITY

As part of our continued process to deliver progressive initiatives to the African chess community I am pleased to announce that the African Chess Confederation has partnered with Minerva Schools at KGI, a global university program based in San Francisco in the United States of America that empowers students with the skills and experience to become leaders, innovators, and true global citizens who make meaningful contributions to our modern world.

I wish to encourage all African federations to seriously evaluate this opportunity for the benefit of the eligible young chess talents in their areas of responsibility.

Please find attached here with the joint announcement by the African Chess Confederation and Minerva Schools at KGI.

The envisaged long term collaboration with Minerva for the design and implementation of a “Chess in Schools” program will take into account the various regional needs of African federations.

Furthermore the design of the Chess in Schools programme will also take cognisance of the educational needs in the four official languages of the ACC; Arabic, French, English and Portuguese.

In nominating your top three students for admission consideration to the Minerva Schools at KGI programme you should note the indicated attributes as requested.

Yours Sincerely,
AFRICAN CHESS CONFEDERATION

Lewis Ncube
